

## Quick Overview

RINGOTOOLS' Ring Pen Ultra Ergonomic Writing Instrument Holder

## Details

**Ring Pen Ultra** - The next generation ergonomic writing instrument holder that dramatically reduce stress on the fingers and wrist, by providing ridged support for your index finger. Ergonomic Features:

- Designed to help anyone with Arthritis, Carpal Tunnel Syndrome, Repetitive Stress Syndrome or anyone that writes a lot to reduce the pain and cramping that can be associated with the need to tightly grip a conventional pen or pencil.
- Promotes correct pencil grasp and good posture!
- Enjoy writing with relaxed hand! - less pain, cramping and the ability to write more legibly and in a smoother way.
- Use with almost ALL types of pens, pencils, colored pencils, artist paint brushes, highlighter pens etc.
- Comes in 3 different sizes to fit different finger sizes.

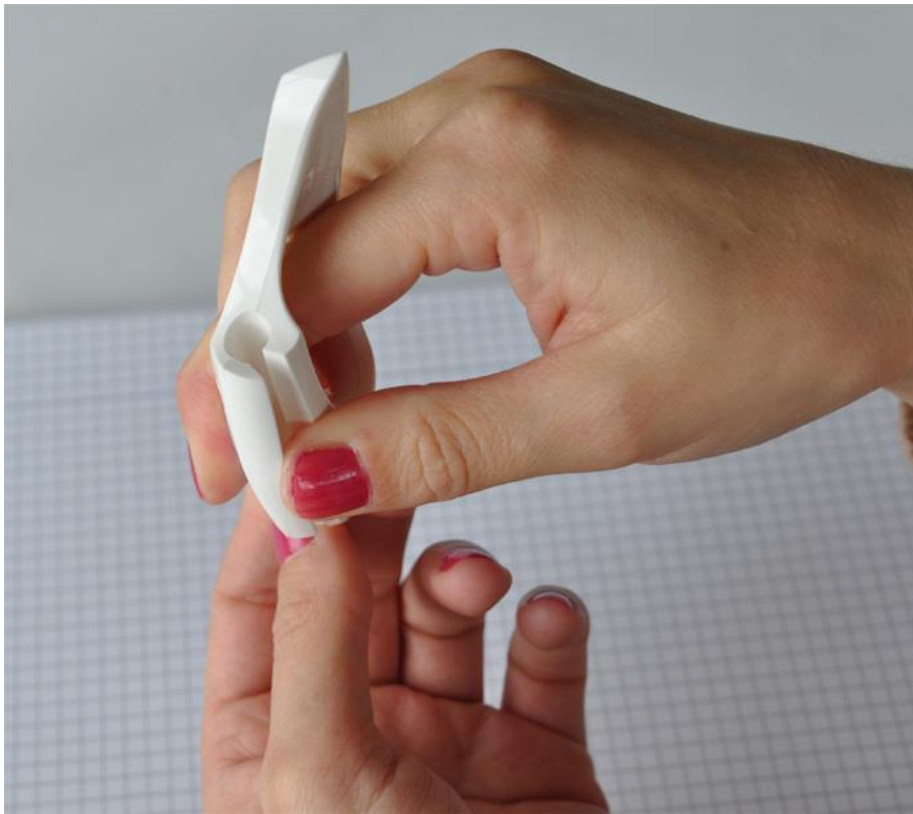

## USER'S GUIDE

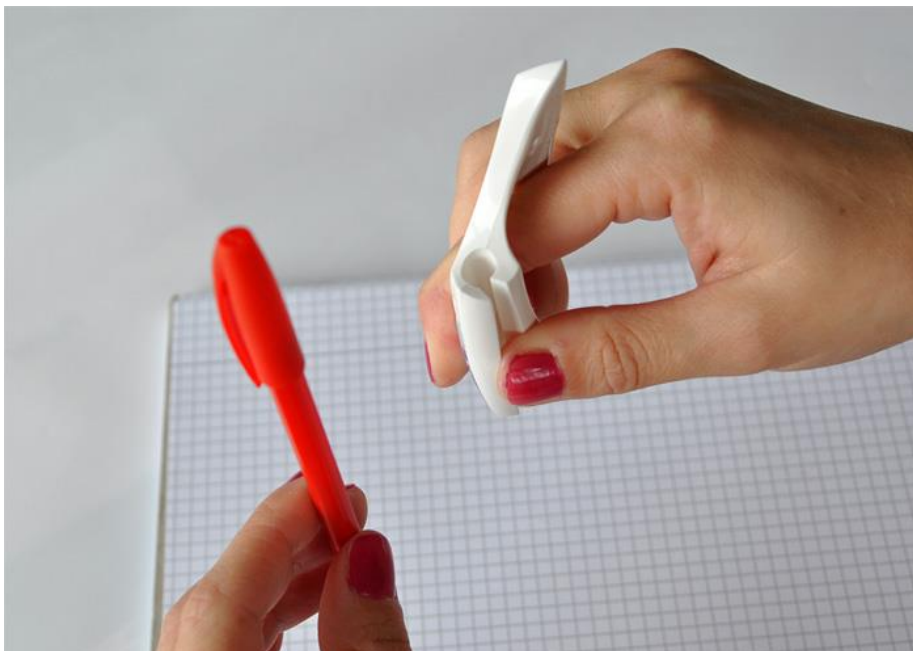

Insert index finger as shown -

Open the "hole" as shown with the thumb -

Insert pen/pencil into the hole (holding by thumb the "hole" in opened position)

Adjust length you like (holding by your thumb the "hole" in opened position)

Rotate pen/pencil in order to index finger can touch flat surface of the writing instrument (holding by thumb the “hole” in opened position) –

Feel the fingers relaxed and feel that you hold the instrument in a base of index finger, when you write -

Your fingers are totally relaxed while you write. Do not squeeze the writing tool –
